History:

On April 8, 1901, the New Salem Cumberland Presbyterian Church bought the cemetery land, along side the church yard. Brother J. C. Montgomery was named secretary of the cemetery. On November 2, 1901, Brother Nathaniel Young passed away and was the first to be buried here. In the year 1978, Mrs. Hattie Boles, who had been active in the work of the church and in keeping the records, prepared a list of the burials in the cemetery for the Cooper County Historical Cemeteries Association. There were 97 burials recorded up to that time. On April 21, 1979, Mrs. Boles passed away and is in the list of burials in the New Salem Missionary Baptist Cemetery near Gooch's Mill, Missouri.

This list was submitted by Mrs. Hattie Boles, secretary of the New Salem Missionary Baptist Church, on June 25, 1977, and record by members of the Cemetery Association on that date.

These graves are recorded by rows; many are without markers. The church secretary has the record of each death and burial and location of the graves.

Sometime in the spring or early summer of 1999, the New Salem Missionary Baptist Church was bulldozed to the ground. The cemetery is fast becoming over grown with tall grass. Without up keep this cemetery will soon disappear. While typing this record, I wondered why anyone would cut the harness of people attending church. It was not until I reached the name of Mrs. Hattie Boles that I put two and two together. I guess the sensibilities of the time prevent the fact that this is a colored cemetery from being recorded. But to the user of this cemetery record; that is something you need to know. As an aside, I will mention that Mrs. Hattie Boles was a well respected person; my parents knew of her and respected her; as well as others in the county. - Jim Thoma

This cemetery has also been updated with entries and additions from the Cooper County Record of Deaths. These changes are noted in red. Additionally, this is the source of the name Buzzard Roost Cemetery; which was also a local term for the colored community around Buzzard Roost. This term has long since passed from use.
