

The California Gold Fields

While this document was intended to be a register for men from Cooper County, Missouri who went to the California gold fields, it has transpired to become something more. It also includes information on 49ers from adjoining counties, as well as, data on early pioneers. It has been interesting to learn that some of the earliest settlers of Howard and Cooper Counties, Missouri were also among the very earliest "Anglo" settlers of California. The history of Solano and Yolo counties are an extension of ours.

A) Register of Forty Niners since the meeting of Oct 10, 1889, who went to California in 1849 and 1850. In the fall MoSGA Fall Journal is a record of the proceedings of the Forty-Niners and Old Timers Association copied from the files of the Joint Collection of the Western Historical Manuscript Collection in Columbia, Missouri. Betty Harvey Williams copied the manuscript from the microfilm record. Meetings of the Forty-Niners and Old Timers Association were held in August for 2 days and were rotated among the counties and chosen by ballot. The 1891 meeting was to be the 2nd Wednesday in August, at Boonville. The 1890 meeting was held Aug. 20, in Sedalia. The 1889 meeting was held in Boonville. All of this information was submitted by Cathy Warbritton.
