

## COOPER COUNTY MARRIAGE RECORDS 1860 to 1869

Not Necessarily Complete or Accurate. There are generally three dates on a marriage record; they are 1) the date the license was issued, 2) the date the marriage was performed and 3) the date the license was returned to the clerk. It is quite possible that the transcriber could have inadvertently used any of these three dates for the marriage date. This is generally the predominate reason for differing marriage dates among records and researchers. We attempt to use the date the marriage was performed by a Minister of the Gospel or a Justice of the Peace.

The spelling of the name is questionable
