C. C. Grooms and son Colby were Boonville visitors Sunday.

A heavy rain fell in this vicinity last Saturday evening accompanied by rather a strong wind. The rain was very much needed on the corn but the oats suffered from the effects of the wind by being blown down, as also did the wheat shocks.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? the pies? No. Its you. You've lost the strong healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the

itate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that cause the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. A. B. Hirsch will gladly supply those who will call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

PLEASANT GROVE.

Mrs. F. N. Blank and sister, Miss Elsie Spieler, were at Jamestown Tuesday shopping.

The rains of Saturday afternoon and night were of great benefit to the corn and other growing crops, with the exceptions of hay, wheat and oats which were made. Of wheat there isn't a half crop, many fields were not cut at all while others were cut in spots. The oats crop is immense. Corn is all sizes in this section, some of it very small and some laid by. Clover is fine, young clover and timothy very far advanced, weeds doing fine.

Otto Spieler made a business trip to California and returned Friday last.
