

Draft Names

The following are more draft order numbers as determined by the national conscription lottery at Washington Oct. 29. Attention of registrants is called to the fact that this list, as well as previous lists published in the Advertiser, is unofficial and subject to revision by the draft board as it is almost impossible to avoid a few errors in checking nine thousand numbers.

Order numbers from 327 to 1032 appear on page two of the second section of this week's Advertiser.
