

4 May 1995

Joseph Seat

Gloria Seat of Lake St. Louis, MO writes that her husband of 50 years, Joseph Seat, passed away 4 May 1995. Mr. Seat was a noted genealogist who published a well-researched and extensive book about the Seat lines. He and his wife were most generous with their information and time, and were eager to help others researching their lines. He will certainly be missed. Sincere sympathy and condolences to his wife.
